Adam Glen Ping

has successfully completed the online Professional Certificate

Microsoft Excel

This Professional Certificate recognizes your mastery of Microsoft Excel, including advanced data analysis, visualization, and automation using Excel Copilot and VBA. Throughout the program, you will have developed essential skills in data cleaning, reporting, and dashboard creation, enabling you to automate workflows and enhance productivity. This certificate includes hands-on projects that demonstrate your ability to tackle real-world data challenges, making you a valuable asset in any data-driven role.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
